Kane

Victor Valley Transit Authority (VVTA) was awarded Outstanding Transportation Agency of the Year by the California Association for Coordinated Transportation (CalACT), the largest state transit association in the United States. This award honors a California transit agency that has demonstrated achievement in efficiency, effectiveness and customer service. Kevin Kane, executive director for VVTA, was also awarded CalACT Transportation Manager of the Year for outstanding contributions to VVTA and for leading the organization to achieve

exceptional growth during difficult economic times. While the economy forced other transit agencies throughout the state to reduce service and increase fares, VVTA increased service and implemented only one fare increase since 1997. VVTA provides public transportation services for Adelanto, Apple Valley, Hesperia, Victorville and other portions of the county including Helendale, Silver Lakes, Oro Grande, Lucerne Valley, Phelan, Piñon Hills and Wrightwood. For more information, visit www.vvta.org or call (760) 948-3030.
