

VICTOR VALLEY TRANSIT AUTHORITY RIDERS ALERT 22 – 12

SAFETY MESSAGE ALL ROUTES

In the winter months it gets dark much earlier. After leaving your bus, please be careful while crossing the street. Use crosswalks whenever possible. Give yourself plenty of time to get to the bus stop. Remember light colored clothing can be seen better than dark clothing. A flash light can help drivers identify passengers waiting at the bus stops. VVTa cares for our riders.

If you have any questions, please call our Routing and Scheduling at 948-3030.
