

The Victor Valley Transit Authority (VVTa) and the San Bernardino Associated Governments (SANBAG) are pleased to announce that a **\$400 ongoing vanpool subsidy program** is now available to qualified vanpools. The program is designed to provide up to a \$400 per month subsidy to vanpools that either originate or terminate in the greater Victor Valley area (including Barstow and its surrounding communities).

These vanpools that submit an online vanpool application by no later than close of business on the 15th of the month, and ultimately are approved, will begin to receive a subsidy starting on the first of the following month. The program guidelines, frequently asked questions, online applications and forms, are available at

<http://www.vvta.org/vanpool>. Note that you cannot navigate to this page from the VVTa home page (www.vvta.org). *To access this website and learn more about the program, you must enter this URL exactly as is.* The entire program is 100% managed online through Adobe Forms. This includes the application, reporting and everything else involving this program. There are no faxed or hardcopy submittals. If you are in a vanpool that does not have access to a computer or the Internet, please contact me and I will provide the necessary assistance.

Thank you for your support of this program. Should you have any questions or comments about this application process, feel free to contact me at (760) 995-3561 or email me at vanpool@vvta.org.
